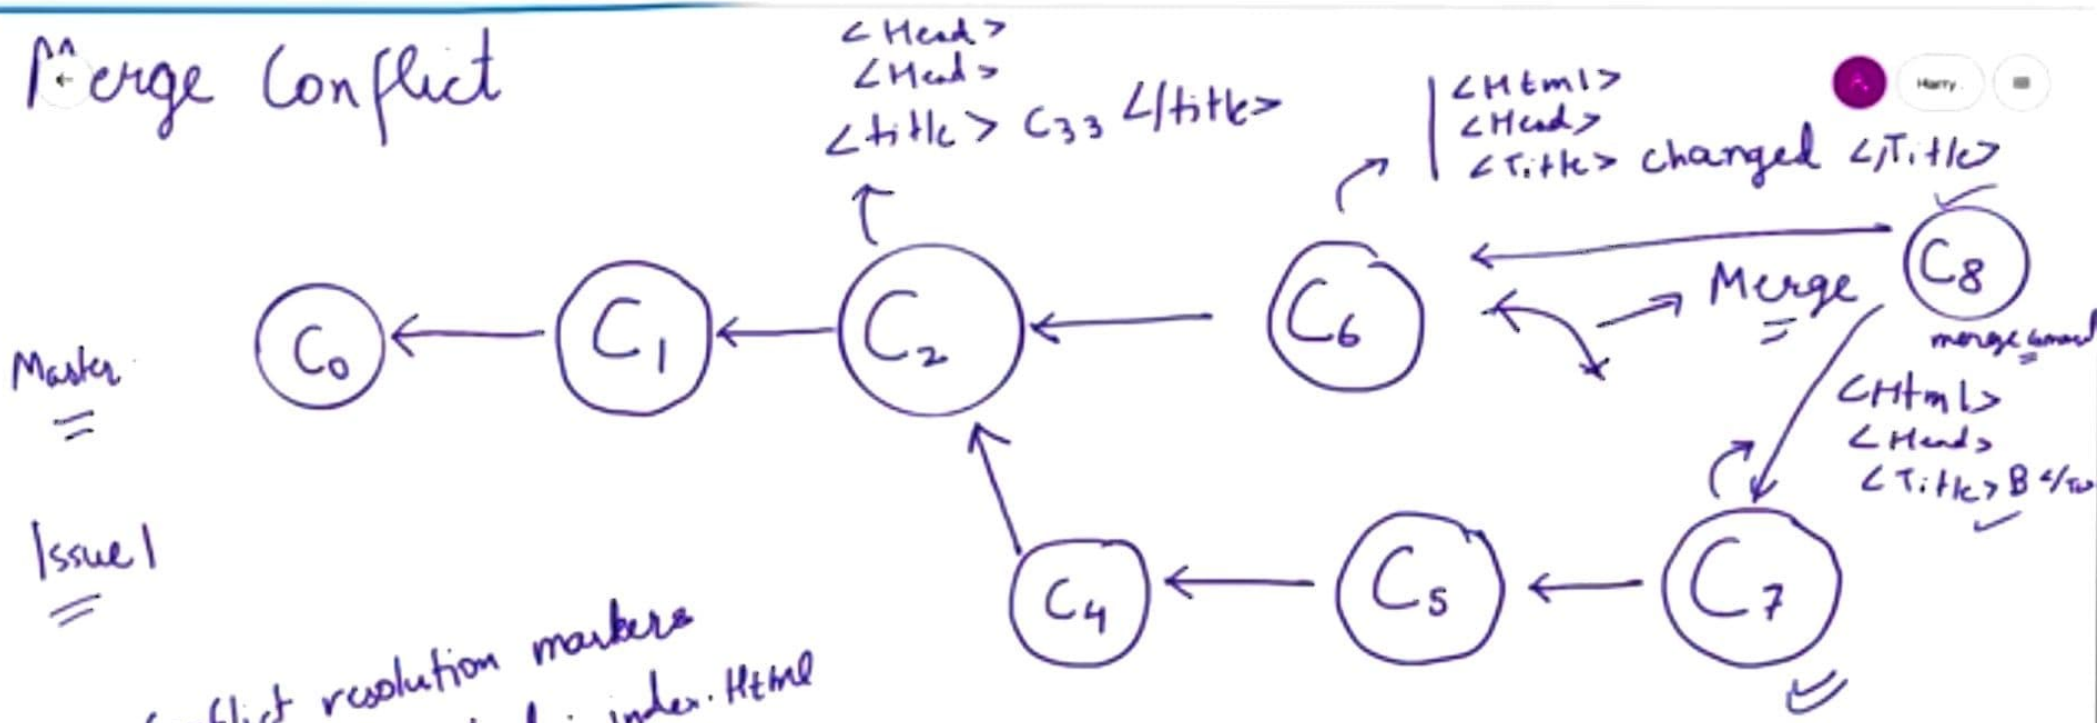
Merge Conflict



Issue1

Conflict resolution markers

<<<<< << Head : index.html

===== =

>> >> issue1 : index.html

git add index.html

git commit

Branch management

git branch	git branch -v
* master develop system	* master Commit hash: 97b13C Commit message: "This will fix" develop

git branch --merged → already merged branches.

git branch --no-merged → not " " "

Deleting branches

git branch -d develop ⇒ gives error if develop is not merged

" " -D " ⇒ no error & branch gets deleted
